Lab Cycle 1

CO1: **Explore markup languages features and create interactive web pages using them.**

Program #1

1. Create a simple web application to display your Resume (CV) using various text formatting features, table, list and link within a page in HTML.

PROGRAM CODE:

Res.html

```html
<html >

<head>

  <title>Resume - M S ABHIMANUE</title>

<p>At the outset, I must thank you for choosing Muthoot Institute of Technology and
Science as your preferred destination for launching yourself as an engineering professional.
As engineering professionals, we are bound to provide technological solutions to the world at
large. At MITS, its our endeavour to create an ambience that would expose students to
problems early on, and train them to be solution providers. Towards this aim, we have created
a magnificent infrastructure, comprising of well-equipped laboratories, libraries, classrooms,
seminar halls, cafeterias, playgrounds and hostels. We have expert teachers from varying
disciplines to guide you through every step. There are plenty of avenues to showcase your
curricular, co-curricular and extra-curricular talent, and some links in this website would

provide you a glimpse of those possibilities as well. Additionally, inadequacies in existing curriculum are compensated with add-on courses and other specialist industry-guided initiatives. A large pool of students who pursue higher studies after qualifying at GATE, also is a direct indication that our ambience is perfect for multiple roles promoting life-long learning. It is no wonder then, that MITS is one of the preferred destinations for companies searching for young talented professionals. I look forward to your suggestions on how to improve our campus and make it a dream destination for young budding graduates.</p>

```

Kottayam (IPA: [koːʈːɐjɐm]) is a city in the Indian state of Kerala, flanked by the Western Ghats on the east and the Vembanad Lake and paddy fields of Kuttanad on the west.

<i><center><h1 style="color:green;">Places to visit</h1></i>

<i><h1 style="color:green;"> ILLIKKAL KALLU </h1>
</i>

<center><img src="ill.png" align="center" width="900" height="500"></center>

<p>Illikkal Kallu is a Thalanadu located on top of the Illickal Malaa in the Kottayam district of Kerala, India.The distance from kottayam railway station to illikal kallu is 57km. Situated at around 3500 feet above sea level, Illickal Kallu is a major tourist attraction in Thalanadu. L. S. G.D., Thalanadu village of Meenachil taluk. Only one half of the original rock remains, as the other half of the rock has fallen off. The nearest town is Teekoy. Numerous mountain streams originate from this peak and flow down to form the Meenachil River. Tourists must trek <1 km to reach the summit of the peak.

Illikkal Mala comprises three hills, each rising up to 4,000 ft above sea level. Each of the hills has a peculiar shape. One of them resembles a mushroom, which is why it is known as Kuda Kallu (umbrella-shaped rock). The second hill has a small hunch on the sides and is therefore referred to as Koonu Kallu (hunch back rock). There is a 1⁄2-foot-wide bridge called Narakapalam (bridge to hell) connecting these two hills. The beauty and the landscape of illikkal kallu is similar to that of the pillar rocks in Kodaikanal. It is said that the mythical medicinal herb Neela Koduveli grows here. This mythical blue flower is also believed to possess supernatural powers, which could increase wealth and ensure a rich harvest./p>

Relentless passion for excellence...

ABOUT

Muthoot Institute of Technology and Science (MITS) is promoted by Muthoot M. George Institute of Technology ,a Section 25 Company within the Muthoot Group. MITS is a self financing technical institution offering postgraduate and undergraduate engineering programmes, situated in the industrial suburb of Kochi, close to the Smart City and Info Park, approximately 15 kms from Vytilla Junction towards Muvattupuzha on the Cochin Madurai National Highway.

The promoters with their commanding presence in the domains of Financial Services, Hospitality, Healthcare, Renewable Energy and Information Technology, are committed to building MITS as a centre of excellence, focusing purely on merit. This "temple of learning" will provide to the students, state-of-the-art infrastructure, highly qualified and proficient teachers from various faculty of engineering and allied streams, embedded in a conducive environment where focus will be on their harmonious development.
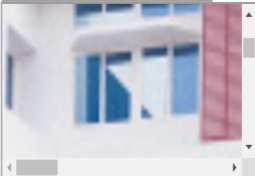

LEARN MORE

MISSION

- Offer well-balanced programme of instruction, practical exercise and opportunities in technology.
- Foster innovation and ideation of technological solutions on sustainable basis.
- Nurture a value system in students and engender in them a spirit of inquiry.

Principal's Message

At the outset, I must thank you for choosing Muthoot Institute of Technology and Science as your preferred destination for launching yourself as an engineering professional. As engineering professionals, we are bound to provide technological solutions to the world at large. At MITS, its our endeavour to create an ambience that would expose students to problems early on, and train them to be solution providers. Towards this aim, we have created a magnificent infrastructure, comprising of well-equipped laboratories, libraries, classrooms, seminar halls, cafeterias, playgrounds and hostels. We have expert teachers from varying disciplines to guide you through every step. There are plenty of avenues to showcase your curricular, co-curricular and extra-curricular talent, and some links in this website would provide you a glimpse of those possibilities as well. Additionally, inadequacies in existing curriculum are compensated with add-on courses and other specialist industry-guided initiatives. A large pool of students who pursue higher studies after qualifying at GATE, also is a direct indication that our ambience is perfect for multiple roles promoting life-long learning. It is no wonder then, that MITS is one of the preferred destinations for companies searching for young talented professionals. I look forward to your suggestions on how to improve our campus and make it a dream destination for young budding graduates.

Program #5

5. Analyse CSS by applying various positioning methods of elements on a webpage with div elements and their classes using two external stylesheets.

PROGRAM CODE:

divposition.html

```html
<!DOCTYPE html>
<head>
  <title>Document</title>
  <link rel="stylesheet" href="divposition_external_1.css">
  <link rel="stylesheet" href="divposition_external_2.css">
  <style>
    *{
  box-sizing: border-box;
}
</style>
</head>
<body>
  <h3>RELATIVE POSITIONING</h3>
  <div class="box" id="one">1</div>
<div class="box" id="two">2</div>
<div class="box" id="">3</div>
<div class="box" id="">4</div>
<br>
<br>
<h3>ABSOLUTE POSITIONING</h3>
<div class="box" id="one" ><p>1</p>
<div class="box" id="two"><p>2</p>
<div class="box" id="three"><p>3</p>
<div class="box" id="four"><p>4</p>
```

```html
</div></div></div></div>
</body>
</html>
```

divposition_external_1.css

```css
.box {
  display: inline-block;
  width: 100px;
  height: 100px;
  background: rgb(81, 51, 51);
  color: white;
 }
 #two {
  position: relative;
  top: 20px;
  left: 20px;
  background: rgb(70, 70, 133);
 }
```
divposition_external_2.css

```css
#three {
  position: relative;
  top: 20px;
  left: 20px;
  background: rgb(186, 57, 122);
 }
 #four {
```

```css
  position: relative;
  top: 20px;
  left: 20px;
  background: rgb(174, 83, 220);
}
```
